Hello All,

Here is a quick end of the week update for you; (links included so hopefully this won't go to SPAM if our @sirassystems.com email domain is whitelisted by your IT department;

**Happy Friday!**

- **CALPADS EOY**
- **Reporting Data**
- **Before Rollover**
- **End of year Items**

**-CALPADS EOY**

The deadline to LEA Approve is next week. I trust everyone has already LEA approved. If you have, congratulations!!

If you have not, we still have time and we are here to help you however we can.

The SWDS0011, SWDS0012 and SWDS0021 errors recently posted do not require any LEA to decertify, those are strictly for informational purposes. If anyone needs last minute help to clear SPED errors from CALPADS, please let me know.

**-Reporting Data**

The reporting period lock is on, and we are not allowing any events dated 7/1/2024 or later to be reported, if we can help it. There are several significant reporting changes we need to deploy before we can allow any SIRAS LEA to report data for the 2024-2025 academic year, so please know this is being blocked on purpose. We can continue to send events dated 6/30/2024 or earlier as needed to resolve any remaining CALPADS

errors.

**-Before Rollover**

**We have two more rollover weekends ahead of us please be sure to review 'Rollover Procedures' from this document.**

**<https://sirassystems.happyfox.com/kb/article/324> This document also links to what to do 'After' the rollover as well.**

**-End of year Items**

**We do not want to report events dated 7/1/2024 or later until the SIRAS update in August.**

**We will send an update outlining the changes being made and how they will affect you if at all.**

**SIS integrations are slated to be re-enabled in August, unless specifically requested.**

**Here is an updated helpsheet with graphical timelines showing three ways we can report an Initial evaluation where the student will be known to participate. But each unique scenario shows the key events and how they are timed around a report date like 6/30**

**If you would like to be removed from this list, just reply to this email and let me know.**

**If you have any questions or concerns, please don't hesitate to write back.**

**If you have a support issue, please direct those to [support@sirassystems.com](mailto:support@sirassystems.com).**
