Hope you have/had a nice spring break or welcome back!

Either way we have two important announcements to make this week.

- 5. Scroll down to look for PDF viewer preference**
- 6. Change it to 'System Viewer'**
- 7. Click Update Preferences.**
- 8. Log off of SIRAS**
- 9. Log back into SIRAS and test.**

If anyone needs further support, please reach out to support@sirassystems.com
